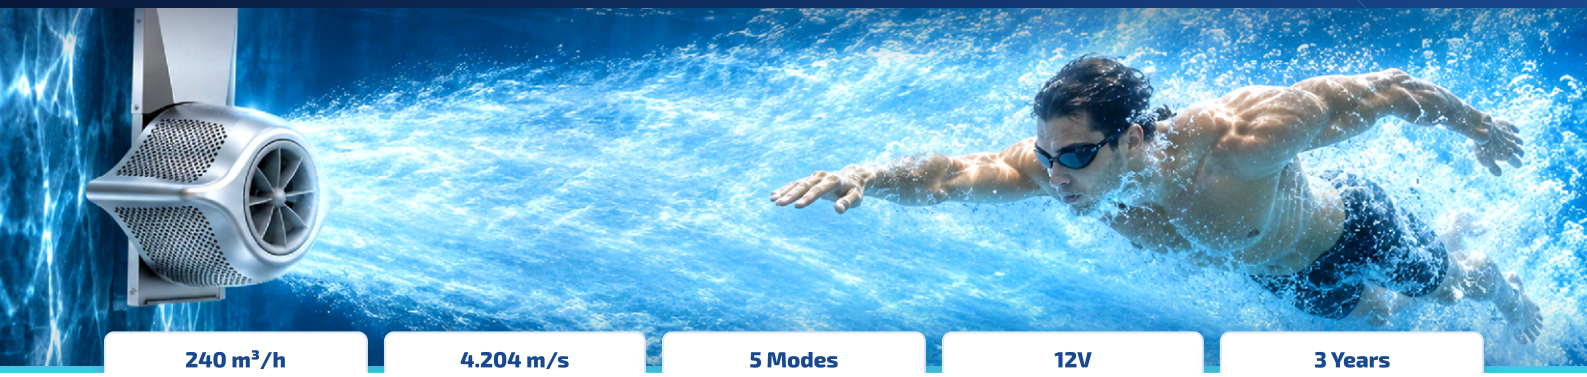
COUNTER-CURRENT TECHNOLOGY

PRODUCT SPECIFICATION

iGarden P Series Swim Jet

P240

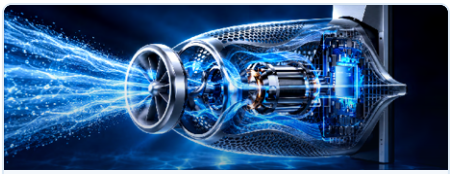


240 m³/h	4.204 m/s	5 Modes	12V	3 Years

KEY FEATURES

Wider Wave Area

Ramjet-profile nozzle design creates a broad, fan-shaped current for smoother, more comfortable swimming.

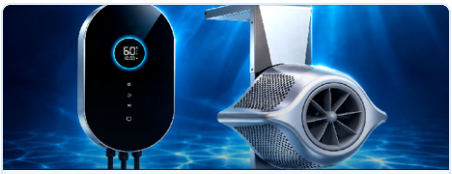


InverTurbo Technology

Inverter-driven performance delivers powerful, smooth and precisely adjustable water flow.

5 Waving Modes

From gentle recovery through to high-intensity training and family play.



Smart Control

Full touchscreen, Bluetooth remote and app control put the current at your fingertips.

Built-In or Retrofit

Installation options for new pools, renovations and compatible existing pools.

IP68 Stainless Motor

Corrosion-resistant underwater motor engineered for smooth, reliable pool operation.

YOUR POOL. YOUR PERFECT CURRENT.

From relaxed exercise to serious swim training, the P240 creates an adjustable counter-current that transforms a standard pool into an endless swim lane.

P240

UP TO 240 M³/H
