ROBOTIC POOL CLEANER

iGarden K Series

K40 | K60 | K80

Smart cordless pool cleaning — powerful, intelligent and effortless.

One Charge. All Week.*

Smart inverter battery technology delivers enough runtime for regular scheduled cleaning with fewer trips to the charger.

3D "S" Path Intelligence

Infrared and IMU sensors optimise the cleaning route for systematic, efficient pool coverage.

Complete Pool Coverage

Intelligent cleaning modes tackle the pool floor, walls and waterline for a more complete clean.

Turbo Mode

Extra cleaning power when your pool needs a deeper clean after heavy use, weather or debris.

App Control + AI Timer

Choose cleaning modes, adjust runtime and automate regular cleans with smart scheduling.

*Cleaning frequency and time between charges varies by model, selected cleaning mode, pool size and debris load.

PRODUCT SPECIFICATION

iGarden K Series

K40 | K60 | K80

3-in-1 | **Top-Load** | **All Surfaces** | **< 10 kg** | **5 sec**

KEY FEATURES

3D "S" Path Navigation

3D "S" Path technology adapts to pool shapes for precise, systematic cleaning coverage.

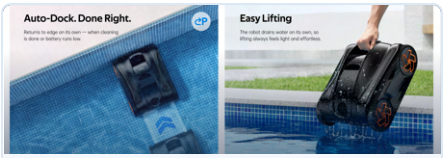

Touch Screen Control

An intuitive full-screen touch interface makes mode selection and cycle control simple.

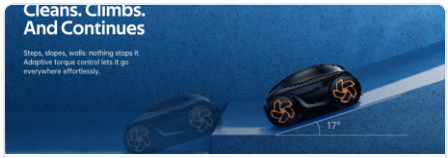

Turbo Mode

Activate extra suction power for heavy debris, leaves and more demanding cleans.

AI Inverter Technology

AI-driven inverter technology optimises performance for smoother, smarter and more efficient cleaning.

Step Over Obstacles

Designed to climb steps, handle slopes and move past common pool obstacles with less interruption.

4L Basket + Fine Filtration

Large-capacity top-load basket with fine filtration helps capture debris and keep water looking cleaner.

MORE CLEANING BETWEEN CHARGES

Choose the battery endurance that suits your pool and cleaning routine.

K40 | All Week · **K60** | Up to 10 Days · **K80** | Up to 2 Weeks

*Time between charges varies with cleaning schedule, selected mode, pool size and debris load.
